I am writing to express my sincere interest in the WFSA Council nomination for the 2024-2028 term as the representative from Asia. It is both an honor and privilege to have the opportunity to share with you why I am a strong advocate for the field of anesthesiology and why I believe I am the ideal candidate to represent the region.

With over 25 years of experience in the field, I have had the privilege of witnessing the profound impact of anesthesiologists on patient outcomes. I am motivated by the opportunity to collaborate with global experts to further enhance our profession's capabilities and contribute to the overall well-being of patients worldwide. I am an international educator in anesthesia, critical care with a strong focus on research and clinical practice. I've conducted tailored workshops across Asia, emphasizing expertise in equipment and techniques in resources limited situation, and promoting work-life balance. I've actively created platforms and co-founded societies throughout Asia to make advanced techniques accessible. Additionally, I've conducted research and protocol on cultural diversity countries. I currently manage international cooperation for Thailand's graduate studies council, showcasing my commitment to the international collaboration. I am a suitable nominee for the WFSA Council from Asia.

My vision for the WFSA is to foster international cooperation and knowledge exchange among anesthesiologists. As the representative from Asia, I would bring unique insights and experiences to the Council. My commitment to bridging the knowledge gap between different regions and cultures aligns perfectly with WFSA's mission of global excellence in anesthesiology. I strongly believe that my cultural understanding, coupled with my dedication to unity and collaboration, will make me an effective ambassador for Asia within the WFSA Council.

In my capacity as a member of the WFSA Council, I will focus on several key areas:

1. **Education and Training**: I will strive to improve anesthesiology education across Asia and work towards standardizing training programs. We can ensure that anesthesiologists are equipped with the most up-to-date knowledge and skills.

2. **Patient Safety**: My goal is to advocate for the highest standards of patient safety in anesthesiology, promoting best practices in anesthesia care, and ensuring that safety remains a paramount concern in our field.

3. **Research and Innovation**: I am committed to supporting research initiatives and fostering innovation within our profession. Collaborative efforts among Asian societies can drive advancements that benefit the global community.

4. **Global Outreach**: I will actively engage with anesthesiologists and societies worldwide, enhancing cross-cultural collaboration and knowledge sharing to strengthen the field.

My previous leadership roles within several international societies have equipped me with the necessary skills for effective advocacy and diplomacy. I am ready to serve as a voice for Asia, ensuring that the region's unique needs and perspectives are considered in the development of WFSA policies and initiatives. In conclusion, I believe that my extensive experience, dedication to patient safety, and my passion for advancing the field of anesthesiology uniquely qualify me to represent Asia on the WFSA Council. I am eager to collaborate with colleagues from around the world to create a more harmonious and impactful global community of anesthesiologists. Thank you for considering my application. I look forward to the opportunity to discuss my vision and plans further. Together, we can work towards a brighter future for the field of anesthesiology and the patients we serve.

Sincerely,

Suraphong Lorsomradee, M.D., Ph.D.
