## WCA 2024 Scholarships

*“The scholarship exposed me to some of the best professionals in anaesthesia and the least I can do is mentor another to follow in my footsteps or do even better”*  
**Dr George Kateregga, Anaesthesiologist, Uganda (WCA Scholar 2016).**

WFSB’s Scholarship Programme develops future leaders by helping young anaesthesiologists from low- and middle-income countries attend international congresses.

The World Congress of Anaesthesiologists (WCA) is the premier global anaesthesia meeting uniquely gathering specialists from all regions of the world and all resource settings.

A WCA scholarship is invaluable to career progression and can have a transformative effect on healthcare in low-resource settings.

With your support, we aim to enable at least 50 Scholars to attend WCA2024 in Singapore in March 2024.
